

EMAN ZAAROUR

Computer Science Graduate | AI & Data Science Enthusiast | STEAM Educator | Software Developer

Bekaa, Lebanon | +961 81 979 319 | emanzaarour9@gmail.com

LinkedIn: <http://linkedin.com/in/eman-zaarour> | Portfolio: Coming Soon

Professional Summary

Computer Science graduate with hands-on experience in software development, AI, data science, robotics, and STEAM education. Experienced in developing web applications, machine learning projects, and delivering technical training. Passionate about building technology-driven solutions that create real-world impact.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, JavaScript, PHP, C, Dart, SQL
- **Web Development:** HTML5, CSS3, JavaScript, PHP, Responsive Web Design
- **Databases:** MySQL, SQL, Microsoft Access
- **AI & Data:** Python, Pandas, NumPy, Scikit-learn, Matplotlib, Data Analysis, Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA), Machine Learning Fundamentals, Microsoft Excel, KoboToolbox
- **Tools & Technologies:** Arduino, Tinkercad, Git & GitHub, Microsoft Office, Canva, Google Workspace

Professional Experience

Scratch & Arduino Trainer | Michel Daher Social Foundation | Oct 2025 – Present

- Delivered 20 weekly hands-on Scratch and Arduino sessions for students aged 13–15.
- Designed engaging STEAM lessons, presentations, and project-based learning activities.
- Guided robotics and programming projects using Scratch, Arduino, and Tinkercad.
- Mentored students while fostering computational thinking, creativity, teamwork, and problem-solving.

Education Volunteer – Data Entry | MAPs | Feb 2025 – Present

- Manage educational databases using KoboToolbox, Microsoft Excel, and BMA.
- Maintain attendance, assessment, and activity records with confidentiality.
- Prepare reports and support data validation for educational programs.
- Completed PFA, GBV Awareness, and PSEA trainings.

Teacher Assistant Intern | Anera & MAPs | Jan 2025 – Feb 2025

- Assisted instructors in educational and STEAM sessions.
- Supported classroom management and student engagement.
- Prepared learning materials and classroom activities.

Education

Bachelor of Science in Computer Science
Lebanese International University (LIU)
October 2021 – July 2024

Projects

AI Makeup Shopping Website with Virtual Try-On

Technologies: PHP, MySQL, HTML, CSS, JavaScript

- Developed a full-stack e-commerce website with an AI-powered virtual makeup try-on feature.
- Implemented authentication, shopping cart, wishlist, checkout, and an admin dashboard.
- Built a responsive interface integrated with a MySQL database.

Data Science & Machine Learning Project

Technologies: Python, Pandas, NumPy, Matplotlib, Scikit-learn, Jupyter Notebook

- Cleaned, analyzed, and visualized real-world datasets using Python libraries.
- Built and evaluated machine learning models for predictive analysis.
- Performed data preprocessing and EDA and presented insights through visual reports.

Technologies: PHP, HTML, CSS, JavaScript, SQL

- Developed a web-based academy management system.
 - Implemented user authentication, course enrollment, and certificate generation.
 - Integrated an SQL database to manage users and course records.
-

Certifications

- Data Science Program — MDSF (Oct 2025 – Feb 2026)
- Tech TOT Program — MDSF (May 2025 – Jul 2025)
- STEAM & Special Needs Shadowing (Jan 2025 – Feb 2025)
- Education Assistant Program (Sep 2024 – Jan 2025)
- Internet of Things (IoT) — LIU (Jan 2024)
- TOT – Arduino Programming — MAPs (Aug 2023 – Sep 2023)
- Arduino for Robotics — LIU (Mar 2023)
- Microsoft Access — MAPs (Mar 2023 – Apr 2023)
- Arduino Level 1 (Jan 2023)

Soft Skills

Analytical Thinking • Problem Solving • Communication • Teamwork • Leadership • Time Management • Adaptability

Languages

Arabic: Native

English: Professional Working Proficiency
